WINNING PRIZE FOR COTTAGE PUDDING WITH SAUCE

MRS. GEORGE H. BLOOD, Homeville, Va.

For the pudding—One fourth cup butter, 1/2 cup sugar, 2 well-beaten eggs, 1 cup sweet milk, 2 cups flour, 1 teaspoonful Rumford baking powder.
Beat the eggs and sugar; sift the flour, baking powder and one-half teaspoonful salt together. Stir the flour into the beaten eggs and sugar, gradually adding milk. Fold in the melted butter. If you use butter with much salt in it, do not put any salt in the pudding. Bake slowly in a moderate oven in a buttered pudding pan. Test with a straw to see when it is thoroughly done. Cut in blocks and serve with the following sauce.

For the sauce—Beat thoroughly two egg yolks, one cup sugar and one-quarter cup butter together. Add one cup sweet cream. Cook in a double boiler until it thickens. Then remove from the fire and add two egg whites, beaten to a stiff froth. Just before serving add two tablespoonful wine. If you do not wish to use wine, flavor with essence of lemon and grate nutmeg lightly over the top.

Cottage pudding makes a most delicious and economical dessert. Care should be taken not to put too much butter in the cake, but make a very rich sauce. Milk makes a better cake than water. Sometimes currants or raisins are used in cottage pudding, and this is a most pleasing addition.
The oven must be moderate so that the pudding will be thoroughly done and not too dry.
The sauce is a very important consideration in serving cottage pudding. The sauce in the recipe chosen as best this week is particularly good. The method of mixing the ingredients makes this a most delicious sauce, and the blending of the seasoning gives an elegant flavor.
